

EXAMINATIONS FEEDBACK SEMINAR

Brisbane 1st RAV Session 2021

The feedback session is intended to be a mechanism by which Examiners feedback to teacher's information about how marks were awarded in examinations over a particular examination tour. It is carried out in the form of a group seminar led by the Examiner. Such a seminar will give an Examiner the opportunity to feed back in general terms about the work observed during the tour and highlight any particular issues, good or bad, which arose. Teachers can then ensure that students are aware of this and take measures to improve their preparation of students for exams in the future. The Examiner will give a verbal report and then there will be an opportunity to ask questions.

An Examinations Feedback Seminar has been organized in connection with the Brisbane 1st RAV Session with Examiner Karen Suttie as follows:
